The writer Chris Adrian is a medical doctor, a pediatric oncologist, who seems to have known from the beginning that our bodies are not the problem. I think of Beatrice, an attempted suicide, “the jumping lady,” in “The Sum of Our Parts,” one of ten stories in Adrian’s shimmering, glow-in-the-dark collection *A Better Angel*. Beatrice is comatose, being readied for a liver transplant.

“Chris Adrian's stories in ‘A Better Angel’ are as perverse and holy as a parable, as comforting and obsessive as a rosary, and as linguistically virtuosic as the finest of poems. In this hilarious, beautiful, unsettling story collection, Adrian shows us how to love without idealizing, and how to see wings even on the backs of children who are difficult, delusional, odd, and dying.

The stories in *A Better Angel* describe the terrain of human suffering—illness, regret, mourning, sympathy—in the most unusual of ways. In "Stab," a bereaved twin starts a friendship with a homicidal fifth grader in the hope that she can somehow lead him back to his dead brother. In "Why Antichrist?" a boy tries to contact the spirit of his dead father and finds himself talking to the Devil instead. In the remarkable title story, a ne'er do well pediatrician returns home to take care of his dying father, all the while under the scrutiny of an easily-disappointed heavenly agent. With *Gob's Grief* and *The Children's Hospital*, Chris Adrian announced himself as a writer of rare talent and originality. The stories in *A Better Angel*, some of which have appeared in *The New Yorker*, *Tin House*, and *McSweeney's*, demonstrate more of his endless inventiveness and wit, and they confirm his growing reputation as a most exciting and unusual literary voice—of heartbreaking, magical, and darkly comic tales.

Surviving in a floating hospital after the earth is flooded beneath seven miles of water, medical student Jemma Claflin finds herself possessed of strange powers that lead to an understanding of her frightening destiny. Reprint.

Acclaimed as a "gifted, courageous writer" (*The New York Times*), Chris Adrian brings all his extraordinary talents to bear in *The Great Night*—a brilliant and mesmerizing retelling of Shakespeare's "A Midsummer Night's Dream." On Midsummer Eve 2008, three people, each on the run from a failed relationship, become trapped in San Francisco's Buena Vista Park, the secret home of Titania, Oberon, and their court. On this night, something awful is happening in the faerie kingdom: in a fit of sadness over the end of her marriage, which broke up in the wake of the death of her adopted son, Titania has set loose an ancient menace, and the chaos that ensues will threaten the lives of immortals and mortals alike. Selected by *The New Yorker* as one of the best young writers in America, Adrian has created a singularly playful, heartbreaking, and humorous novel—a story that charts the borders between reality and dreams, love and magic, and mortality and immortality.

In the summer of 1863, Gob and Tomo Woodhull, eleven-year-old twin sons of Victoria Woodhull, agree to together forsake their home and family in Licking County, Ohio, for the glories of the Union Army. But on the night of their departure for the war, Gob suffers a change of heart, and Tomo is forced to leave his brother behind. Tomo falls in as a bugler with the Ninth Ohio Volunteers and briefly revels in camp life; but when he is shot clean through the eye in his very first battle, Gob is left to endure the guilt and grief that will later come to fuel his obsession with building a vast machine that will bring Tomo—indeed, all the Civil War dead—back to life. Epic in scope yet emotionally intimate, *Gob's Grief* creates a world both fantastic and familiar and populates it with characters who breathe on the page, capturing the spirit of a fevered nation populated with lost brothers and lost souls.

An innovative story of love, decapitation, cryogenics, and memory by two of our most creative literary minds Jorie has just received some terrible news. A phone full of missed calls and sympathetic text messages seem to indicate that her husband, Jim, a chaplain at the hospital where she works as a surgeon, is dead. Only, not quite—rather, his head has been removed from his body and cryogenically frozen. Jim awakes to find himself in an altogether unique situation, to say the least: his body gone but his consciousness alive, his only companion a mysterious, disembodied voice. In this surreal and unexpectedly moving work, Chris Adrian and Eli Horowitz spin a tale of loss and adjustment, death and reawakening. Simultaneously fabulist and achingly human, *The New World* finds Jorie grieving the husband she knew while Jim wrestles with the meaning of life after death. Conceived in collaboration with Atavist Books, *The New World* interrogates love and loss in the digital era.

Presents a modern retelling of Shakespeare's "A Midsummer Night's Dream," following the experiences of three people on the run from failed relationships who are transformed by a grieving faerie queen and a scheming homeless man.

A surreal and magical novel of hope in the midst of apocalypse by the acclaimed author of *Gob's Grief*—"one of the most revelatory novels in recent memory" (San Francisco Chronicle). Chris Adrian's debut novel, *Gob's Grief*, was hailed as "a work unlike any that has come before it" (The Economist). Now, Adrian delivers a second work of visionary imagination in this magnificent tale of a children's hospital that survives, afloat, after the Earth is flooded beneath seven miles of water, and a young medical student who finds herself gifted with strange powers and a frightening destiny. Jemma Claflin is a third-year medical student at the unnamed hospital that is the only thing to survive after an apocalyptic storm. Inside the hospital, beds are filled with children with the most rare and complicated diseases. In this new-age Noah's Ark, there are two of each kind of sickness. As Jemma and her fellow doctors attempt to make sense of what has happened to the world, Jemma becomes a Moses figure, empowered with the mysterious ability to heal the sick by way of a green fire that shoots from her belly. Chris Adrian, a pediatrician and Harvard theologian, offers a work of stunning scope and mesmerizing detail that is "cleverly conceived and executed brilliantly" (San Francisco Chronicle).

A book of brilliant, adventurous stories from the award-winning Doug Dorst. With the publication of his debut novel, *Alive in Necropolis*, Doug Dorst was widely celebrated as one of the most creative, original literary voices of his generation—an heir to T.C. Boyle and Denis Johnson, a northern California Haruki Murakami. Now, in his second book, *The Surf Guru*, his full talent is on display, revealing an ability to explore worlds and capture characters that other writers have not yet discovered. In the title story, an old surfing-champion-turned-surfwear-entrepreneur sits on his ocean-front balcony watching a new generation of surfers come of age on the waves, all but one of whom wear wet suits emblazoned with the Surf Guru's name. An acid-tongued, pioneering botanist who has been exiled from the academy composes a series of scurrilous (and hilarious) biographical sketches of his colleagues and rivals, inadvertently telling his own story. A pair of twenty-first-century drifters course through a series of unusual adventures in their dilapidated car, chased west out of one town and into the next, dreaming of hitting the Pacific. Dorst's characters have all successfully cultivated a particular expertise, and yet they remain intent on moving toward the horizon, seeking hope in something new. Likewise, each of Dorst's stories is a virtuoso performance balancing humor and insight, achieving a perfect pitch, pulsing with a gritty and punchy, distinctly American realism—and yet always pushing on into the unexpected, taking us some place new.

100 EXTRAORDINARY STORIES ABOUT ORDINARY THINGS SIGNIFICANT OBJECTS: A Literary and Economic Experiment Can a great story transform a worthless trinket into a significant object? The Significant Objects project set out to answer that question once and for all, by recruiting a highly impressive crew of creative writers to invent stories about an unimpressive menagerie of items rescued from thrift stores and yard sales. That secondhand flotsam definitely becomes more valuable: sold on eBay, objects originally picked up for a buck or so sold for thousands of dollars in total — making the project a sensation in the literary blogosphere along the way. But something else happened, too: The stories created were astonishing, a cavalcade of surprising responses to the challenge of manufacturing significance. Who would have believed that random junk could inspire so much imagination? The founders of the Significant Objects project, that's who. This book collects 100 of the finest tales from this unprecedented creative experiment; you'll never look at a thrift-store curiosity the
