Revel in the bright lights of ABBA's show-stopping musical career, and hear the whispers from the shadows that lurked behind. *Bright Lights Dark Shadows: The Real Story of Abba* is the first true, full-scale biography ever written about the band. With lucid prose and an inquisitive eye, author, Carl Palm, covers all aspects of the band's lives and careers. The period before the group formed; their global domination throughout the 1970s; their marriages and divorces; their business empire and; their eventual, inevitable split.

Revealed for the first time the people who were ABBA, their individual backgrounds, their musical influences and their personal demons.

Although celebrity and fame have been studied, research specifically on the shadow side of celebrity and fame for entertainers has not been studied in a scholarly manner. This integrative review explores the question "What are the psychological consequences of celebrity and fame for entertainers?" The objective is to open an inquiry regarding the unique stressors that entertainers encounter to develop a broad overview for future research. Due to the lack of evidence-based material, the majority of research is extrapolated from mass media resources (e.g., World Wide Web, tabloids, entertainment magazines, and television) as well as biographies and autobiographies. The topics covered in this investigation are: (a) lifestyle risks (e.g., loneliness and isolation, anxiety, acute decompensation, depression, drugs and death); (b) lack of personal space (e.g., para-social relationships, worship, obsession, stalking, and paparazzi); and (c) fall from grace (e.g., ageism, plastic surgery, type casting, coming out, and child stars).

Walter Wilcox's first love, Naomi, happens to be African American, so when Walter's policeman father is caught in a racial profiling scandal, the teens' bond and mutual love of the Foo Fighters may not be enough to keep them together through the pressures they face at school, at home, and online.

You are at a nightclub talking to a girl with a shaved head. The club is either Heartbreak or the Lizard Lounge. All might become clear if you could just slip into the bathroom and do a little more Bolivian Marching Powder. Then again, it might not... So begins our nameless hero's trawl through the brightly lit streets of Manhattan, sampling all this wonderland has to offer yet suspecting that tomorrow's hangover may be caused by more than simple excess. Bright Lights, Big City is an acclaimed classic which marked Jay McInerney as one of the major writers of our time.

This is the first complete and authorized official visual history of ABBA, one of the greatest pop groups of the 20th century. ABBA has sold a stunning 400 million records, and in some markets has even surpassed the Beatles. This first and only official book on ABBA was created with the full cooperation of the band members themselves and containing more than 600 rare and heretofore unseen images from throughout the band's career. Publishing with the 40th anniversary of ABBA winning the Eurovision Song Contest, which is what put the band on the map, publication is being synchronized worldwide to great media attention. With a foreword and commentary throughout the book by the band's four members, this is truly the complete story of one of the most popular bands of all time.

A fully illustrated, beautifully produced edition of Junichiro Tanizaki's wise and evocative essay on Japanese culture. 'We find beauty not in the thing itself but in the patterns of shadows, the light and the darkness, that one thing against another creates... Were it not for shadows, there would be no beauty.' This book is in fact a portal. Reading it, you will be led by Junichiro Tanizaki's light touch into a mysterious and tranquil world of darkness and shadows, where gold flashes in the gloom and a deep stillness reigns. If you are accustomed to equate light with clarity, the faded with the worthless and the dim with the dreary, prepare for a courteous but powerful realignment of your ideas. In *Praise of Shadows* is a poetic paean to traditional Japanese aesthetics - in a free-ranging style that moves from architecture to No theatre, and from cookery to lighting, Tanizaki teaches us to see the beauty in tarnished metal, the sombre dignity in unglazed pottery, the primacy of organic materials that bear witness to the regular touch of human hands. It is also astonishingly prescient, offering a gentle warning against the quest for airbrushed perfection, and reminding us that too much light can pollute and obscure our natural world. In this special edition, the text is accompanied by specially selected images to complement Tanizaki's reflections and further illustrate the pattern and beauty of shadows.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Hawke's narrator is a young man in torment, disgusted with himself after the collapse of his marriage, still half-hoping for a reconciliation that would allow him to forgive himself and move on as he clumsily, and sometimes hilariously, tries to manage the wreckage of his personal life with whiskey and sex. What saves him is theater: in particular, the challenge of performing the role of Hotspur in a production of *Henry IV* under the leadership of a brilliant director, helmed by one of the most electrifying--and narcissistic--Falstaffs of all time. A novel about shame and beauty and faith, and the moral power of art.
