2.0 out of 5 stars Too many typos!! July
24, 2012. Format: Paperback. Sadly, this
"must have" for any orthopedic resident is
so peppered with errors that it makes
reading the text a frustrating task to say
the least. The editors did a terrible job of
proofreading prior to putting out this book.

Jennifer A. Hart (Editor) 4.50 · Rating details · 34 ratings · 0 reviews.

Indispensable for exam preparation at all levels of orthopaedic training, this best-selling book has been thoroughly updated to incorporate the very latest in scientific and clinical knowledge, as well as the changing emphases on key examinations.

Review of Orthopaedics: Expert Consult - Online and Print ...

This book is an excellent resource for both physicians with little and much experience in the orthopaedic realm. The comprehensive review includes both adult and pediatric injuries which is extremely helpful. The book is separated into body regions which makes intuitive sense. Most if not all sections review the pertinent anatomy.
