Earlier this year we showed the DR300 developed by Haojue - Suzuki's Chinese partner - which looks destined to become the Suzuki GSX-S300 in western markets and now the same could apply for a baby V-Strom based on these renderings.. Powered by a 160cc engine, the Haojue is interesting because it adopts many of the styling traits of the V-Strom 1050 - the beaked nose especially -, which in ...

Suzuki Car Repair Manual Free - BigShopPage.com

Along with the internal changes, it'd be sensible for Suzuki to give the exterior of the bike a thorough overhaul, although the designers will have to be careful with their felt tips. The Suzuki hasn't really changed much visually since launch, but it is an iconic model. Change it too much and the die-hard fans turn away.

Following on from my previous post on my Suzuki GT550 rebuild, it seems that luck is in short supply as I am still waiting for a couple of seals to arrive. For whatever reason, there seems to be an inordinate Continue reading

GT550 | Notes From the Corner

This is a list of automobile engines developed and sold by the Suzuki Motor Corporation. Suzuki is unusual in never having made a pushrod automobile engine, and in having depended on two-strokes for longer than most. Their first four-stroke engine was the SOHC F8A, which appeared in 1977. Suzuki continued to offer a two-stroke engine in an automotive application for a considerably longer time ...
