Math journals support students' learning because, in order to get their ideas on paper, children must organize, clarify, and reflect on their thinking. Initially many students will need support and encouragement in order to communicate their ideas and thinking clearly on paper but, as with any skill, the more they practice the easier it will ...

This Math Journal is used in the classroom  
and not allowed home. So, in order to  
know what is required of our 5th grader,  
we ordered the journal to keep at home.  
This way we can review what was  
required in the classroom and reference it  
if needed.

Everyday Mathematics is divided into Units, which are divided into Lessons. In the upper-left corner of the Study Link, you should see an icon like this: The Unit number is the first number you see in the icon, and the Lesson number is the second number. In this case, the student is working in Unit 5, Lesson 4.
